

Chairman Jeffrey Sweeney Celebrates Women in Tech and Breaks through International Investment Barriers on Upcoming Visit to Europe

US Capital Global Chairman and CEO, Jeffrey Sweeney, will be attending a series of exclusive investor and tech-inspired events in London, Paris, and Milan this month.

SAN FRANCISCO, OCTOBER 2021 – In a move to break through international barriers to capital allocation, **US Capital Global** will be hosting a series of investor and tech-inspired events across Europe this month. Following on from the firm's recent launch of offices in Milan and Dubai, US Capital Global's Chairman and CEO, **Jeffrey Sweeney**, will be returning to Europe to meet with investors and promote growth through technology and diversity at events in London, Paris, and Milan.

Headquartered in San Francisco, US Capital Global is a full-service private financial group with an established track record spanning over twenty years in investment banking, asset management, and capital formation services. The group provides sophisticated debt, equity, and investment products to middle market companies and investors, using the latest FinTech and RegTech innovation.

During his upcoming visit to London, Mr. Sweeney will be co-hosting a panel discussion with three prominent women in tech, led by **Enrica Acuto Jacobacci**, CEO of Italy's top-ranking legal firm and a member of US Capital Global's advisory board. The event, which will celebrate women in tech while exploring access to markets and capital across borders, will take place on October 19th (7pm to 10pm GMT) at London's prestigious venue **The Arts Club**.

“After a long break from in-person networking events due to the pandemic, I’m delighted to be making this trip to Europe to celebrate US Capital Global’s continued overseas expansion,” said Mr. Sweeney. “We have organized several exclusive networking events across the continent over the coming weeks, and we look forward to uniting with old friends and greeting new faces as we work together to break through international barriers to capital allocation.

“The US Capital Global tour will focus on innovation and diversity in capital markets, especially through FinTech, and we’ll be taking the opportunity to showcase and honor some of the many brilliant and creative women working in the tech industry. We will also be making an appearance at London’s **Digital Assets Week** conference, hosted by Juliet Media and Jones Day, which is centered on digital assets in the finance ecosystem.”

Vanessa Guajardo, Senior Vice President of Marketing, added: “In addition to Mr. Sweeney’s visit to London, he will be travelling to Paris for business meetings and attending a panel on the new entertainment economy in Milan on October 26th. If you would like to connect with Mr. Sweeney on his visit to Europe, please reach out to me on vanessag@uscapglobal.com to schedule a meeting.”

About US Capital Global

Established in 1998, **US Capital Global** leverages the latest FinTech and RegTech innovation to provide sophisticated debt, equity, and investment products to lower middle market companies and investors.
