US Capital Global Chairman and CEO, Jeffrey Sweeney, visited Dubai, UAE, last month to celebrate the expansion of the group in the Middle East.

SAN FRANCISCO, JANUARY 2022 – US Capital Global’s Chairman and CEO, **Jeffrey Sweeney**, travelled to Dubai last month to meet with investors and promote growth through new innovations in FinTech. Joined by **Joshua Hawley** (Director) and **Vanessa Guajardo** (Senior Vice President), Mr. Sweeney sponsored an exclusive series of polo, chartered yacht, and cocktail business networking events in Dubai, celebrating the expansion of the group in the Middle East. Dubai is an emerging leader in global digital finance and the center for FinTech activity in the Middle East.

Headquartered in San Francisco, US Capital Global is a full-service private financial group with an established track record spanning over twenty years in investment banking, asset management, and capital formation services. The group provides sophisticated debt, equity, and investment products to middle market companies and investors, using the latest FinTech and RegTech innovation.

“The Middle Eastern FinTech market is currently experiencing an exciting period of expansion, with Dubai set to become the flourishing FinTech hub of the region,” said Mr. Sweeney. “The visitor experience

and hospitality in Dubai are exceptional, but this is also a great destination to do business. Dubai is an international hub, strategically located to attract investors from the US, Asia, Europe, and elsewhere in the Middle East. I look forward to returning to Dubai next month, as we continue to position US Capital Global as a leader in FinTech innovation and investment in the region.”

Mr. Sweeney also took the opportunity to visit the gold vaults and trading office of Metals House, a regulated global precious metals trading firm with its principal trading subsidiary in the Dubai Multi Commodities Centre (DMCC) in Dubai. Metals House has launched a \$150 million debt security offering, with **US Capital Global Securities** as its lead placement agent. The investment opportunity combines the collateral backing of physical gold with a senior secured 8% coupon debt instrument.
