

US Capital Global Chairman, Jeffrey Sweeney, Presents at ClaraPHI's 6th Annual Conference for Financial Advisors

Chairman and CEO of global private financial group shares private credit strategies at ClaraPhi's 6th Annual Conference in Scottsdale, Arizona.

SAN FRANCISCO, JANUARY 2021 – **Jeffrey Sweeney**, Chairman and CEO at **US Capital Global**, was recently invited to speak at ClaraPHI's 6th Annual Conference for Financial Advisors in Scottsdale, Arizona. Committed to investment education, ClaraPHI focuses its regular conferences on increasing investor business growth and exploring investment themes. In his presentation, Sweeney focused on the advantages of private credit as a flexible solution for all market environments, including today's volatile and uncertain times.

Headquartered in San Francisco, US Capital Global is a global private financial group with an established track record in investment banking, asset management, and fund management. All private placements, securities, and other related services are offered by the group's FINRA-member, SEC-registered broker-dealer affiliate, US Capital Global Securities LLC.

"It was a pleasure attending ClaraPHI's annual conference," said Sweeney. "The theme of my presentation this year was the advantages of private credit solutions during times of rising growth as well as falling growth, and during times of both rising inflation or falling inflation. Private credit can serve as a core portfolio holding because of its risk-adjusted performance across market environments, while also offering the potential for current income distribution, which is a form of limited liquidity, and portfolio risk diversification benefits."

A thought-leader in investment banking and in the FinTech and RegTech arenas, Sweeney has published numerous articles on investment strategies, digital securities, and investment banking in leading industry journals such as The Fintech Times, ABF Journal, ABL Advisor, and The Secured Lender. A highly sought-after speaker and panel chair, Sweeney is frequently invited to preside over and speak at finance and FinTech events worldwide.
