SAN FRANCISCO, APRIL 2021 – **US Capital Global** is pleased to announce the group's continued international expansion with a new office about to open in Abu Dhabi, providing a gateway to the Middle East. The Abu Dhabi branch is due to open next month, following US Capital Global's recent back-office relocation from San Francisco to Las Vegas.

Headquartered in San Francisco, US Capital Global is a full-service private financial group with an established track record spanning over twenty years in investment banking, asset management, and capital formation services. The group provides sophisticated debt, equity, and investment products to middle market companies and investors, using the latest FinTech and RegTech innovation.

"In 2020, we expanded our international presence by opening a new London office, and we are thrilled also to be opening our first office in the Middle East next month, based in Abu Dhabi," said **Jeffrey Sweeney**, Chairman and CEO at US Capital Global. "With its commercial free zones, Abu Dhabi is an ideal gateway to the Middle East. The new office is designed to support our growing client and investor base in the region."

Managing Partner **Charles Towle** added: "Over the past few years, many tech firms, from startups to big players, **have relocated or expanded their offices to Las Vegas**. This includes the likes of Google and Amazon. This has helped establish Las Vegas as a tech infrastructure hub, attracting some of America's brightest business and tech minds. With our own strong focus on FinTech, we too recently relocated our back office to Vegas. Our new office is housed within the new International Innovation Center, alongside many other established and startup tech firms developing smart technologies."
